LOCAL MATTERS.

DIED PROM DISSIPATION.-James W. Dunnington, a native of Lynchburg, was found about 3 o'clock on Saturday morning lying in an insensible condition in the alley in rear of Goode's printing office. He was taken by policeman to the Second station-house, and there received medical attention from Dr. Brock. His case appearing desperate, about 10 o clock he was sent by Dr. Brock to the Almshouse, in order that he might be made more comfortable and receive regular treatment. In two-hours after reaching the Almshouse he died. The deceased came to this city last week with Mr. Hughes, Sergeant of Lynchburg, and assisted him in guarding some prisoners brought to the penitentiary. He was about forty-five years of age, and belonged to one of the most respectable families of Lynchburg, and for many years held the office of clerk of the Circuit Court of that district under Judges Leigh and Marshall. It is the opinion of Drs. Brock and Cullen that death was caused by excessive use of stimulants.

The friends of the deceased arrived in the city on Saturday evening, and as they desired to remove the body on Sunday morning Coroner Taylor caused a jury of inquest to be summoned Saturday night. At 10 o'clock they went out to the almshouse and beld an inquest. It was testified that Dunnington had shown a vial of laudanum to a witness on Friday, and said he meant to take his life with it. Also, that he was very drunk Friday night.

The symptoms rather indicated poison by an oplate, but as nothing definite was ascertained the jury rendered a verdict of death from an affection of the brain produced by unknown causes.

Chesterfield county having found a joint indictment on Friday against Mr. E. D. Eacho and Dolly Jackson upon the charge of having burned the dwelling-house of J. T. Boothman on the night of the 15th of April, Judge Weisiger issued a bench warrant for his arrest, the negro being already in custody. On Saturday morning, with his coun-(Messrs. Crump, Austin Smith, and Wise,) Mr. Eacho appeared before Judge Weisiger, of the Circuit Court of Chesterfield, waived an examination, and asked for an immediate trial. The court recognized the accused in \$5,000, with Messrs. David

appearance for trial next Thursday. The indictment was found upon the testimony of C.C. Atkinson, J. B. Moore, Charles E. Robins, Dan. Wren, P. T. Johnson, and Dolly Jackson.

The cases will be tried separately.

Watt vs. Starke was argued and submitted to the jury. The suit in chancery was brought by Mr. George Watt against Mr. P. H. Starke, and it was alleged that the latter had infringed the former's patent of April 2, 1856, in which he claimed for his plough a valuable breast improvement with rounded standard. The jury sworn to try the cause consisted of Mezsrs. J. A. Pleasants, Cnarles E. Wortham, John Purcell. B. M. Parham, J. Taylor Ellyson, H. E. Baskerville, William S. Donnan, T. L. D Walford, J. F. Gibson, J. H. Montague, R. H. Meade, and John B. Cary. The issues submitted to them were: 1st. Whether Mr. Watt invented the

seded them. No motion as to the verdict was made The case now goes back into chancery, having been brought before judge and jury for the determination of the three issues above

ADMITTED TO BAIL.-Judge Wellford, of the Henrico Circuit Court, yesterday admitted to bail the two colored men, named Henry Riddle and George Bryant, who were recently arrested in Cumberland county and brought to this city to answer the charge of horse-stealing, committed in Henrico. The gave bond for appearance for trial on the 29th in the sum of \$500, with HaB. Taliaferro, R. B. Somerville, and Richard Schutte as sureties.

CIRCUIT COURT JUBORS .- The following is the drawn jury for the Circuit Court of the city of Richmond for the term commencing to-day: Jacob V. Crawford, E. M. D. Clarke, Edward Kersey, Robert H. Bosher, George T. Lumpkin, William H. Clemmitt, Lewis D. Crenshaw, Jr., James L. Bray, Robert A. E. Dabney, John A. Crump, Walter C. Dalton, James Caskie Cabell, Alexander McRae, James M. RICHHOND HOTEL COMPANY .- A meeting of the Richmond Hotel Company was held Saturday night at the Exchange Hotel. Mr. S. H. Adams, of Baltimore, the builder of the Carrolton Hotel in that city, by invitation, gave his views about the best means of rebuilding the old Spotswood, and expressed his willingness to take a very considerable amount of the stock of the company provided the job is given to him. The chairman, Colonel H. C. Cabell, was authorized to appoint a committee to solicit subscriptions to the stock of the company, and the meeting adjourned.

PERSONAL .- Captain L. L. Bass, who was one of the nominees at the Conservative City Convention on Friday for the office of City Sergeant, received nine votes when the roll was called; but before the ballot was announced by the Chair eight of the gentlemen who had voted for him changed their votes, and the nomination of Mr. E. B. Cook was the result.

Senator James S. Greever, of Smyth county, was in the city Saturday.

THE CITY HALL .- By resolution of the City Council adopted at its last meering the old City Hall was ordered to be sold, and the City Engineer was authorized to use the stone steps in the construction of the new reservoir. A few of the steps on the Capi tol-street side of the building have already been removed. The doors to the different offices in the building, as well as the gas fixtures and other available appurtenances will be taken out and transferred to the new building which is in process of erection on Capitol street near Tenth.

Police Nortes .- Martha Susan Cline, dumb negro, was arrested on Saturday night by Officer O'Dwyer upon complaint made by Thomas Sloan that she had picked his pocket of \$10 at about 11 P. M. She was ocked up at the First station. Mary Scott, a negro lunatic, who had been

placed in a sell at the Second station, denuded herself, and broke up everything within her reach.

"A copy of 'The Policy-holder's Poeket Index,'
by the Spectator Company, of New York, showing
the standing and condition of American life insurrance companies for 1873, is before us. We take
pleasure in noting that the Life Insurance Company of Virginia, which has recently established
an agency in this city, in its ratio of assets to liabilities, is reported the best in the United Statesof losses, among the smallest; of expenses, considering its age, expenses of establishment being
included, the smallest; and in every other respect
relatively its position is one to afford gratification
to its managers and security to its patrons. The
compiler rejects from the assets of this company
over \$200,000 of secured bonds, considered by the
company as safe and secure as they can be made, company as safe and secure as they can be made, but which do not conform to the requirements of the New York law. Counting only such as fulfilled that law, the ratio of assets to liability is reported 307 per cent. Adding the omitted assets would nearly double that ratio."

Being aware that most cigar manufacturers in their efforts to produce cheap goods are sending their tobacco into tenement houses to be made into cigars, we deem it to our interest and that of mosters to call attention to the unreliability of such goods, as well as to the danger of using them.

The se chars are made in small rooms, where they cook, eat, and sleep, and ile on the sick-bed. All sorts of material, not tobacco, necessarily finds its way inside of the wrappers, and it is well known that to-bacco will absorb more than any other product, the ingredients of the surrounding atmosphere, and that even contagious diseases have doubtless been spread by the use of cigars so made.

TERRIBLE DISASTER IN MASSA-CHUSETTS.

BREAKING OF RESERVOIRS AND CONSE-QUENT FLOOD-DEATH AND DESTRUC-TION ON ALL SIDES, &c.

FLORENCE, MASS., May 16 .- The reservoirs above Williamsburg, Mass., broke this morning, releasing a large volume of water, which carried away nearly every dwelling-house in its course. Many lives are lost, but so great is the excitement that it is impossible to get the exact number. At Leeds the silk-manufacturing and button shop are carried away. The station agent of the N. H. and N. R. R. Company and his wife were both drowned at the same place. Many persons were swept down the stream. The water is now falling, and it is expected that in about three bours more correct and definite particulars may be obtained. Several bodies were seen going down the stream, but so swift was the current that they could not be recovered.

ANOTHER ACCOUNT. NEW HAVEN, CONN., May 16 .- Three large reservoirs above Williamsburg, Mass., which were constructed to supply the manufactories of Williamsburg, Leeds, and Hayden-ville, gave way at an early hour this morning, the water sweeping everything before it. The above-named towns were almost entirely destroyed, including such buildings as the Hayden Grease Company's immense brick factory. A large loss of life is report-ISBELL & SON will sell at 5 P. M. three framed ed, but it is at present impossible to give dwellings on Marshall street and a farm three any estimate, though it is probably not less than one hundred.

RECOVERY OF BODIES. HAYDENVILLE, MASS., May 16 .- Twentysix bodies have been taken from the flood. Other bodies are still coming. Whole blocks of tenements have been swept away.

FURTHER DETAILS OF THE DISASTER. SPRINGFIELD, MASS., May 16 .- Reports of the disaster in consequence of the breaking of the reservoirs at Goshen, Hampshire county, this morning, come in thick and fast, The damage to property must be hundreds of thousands of dollars, while it is impossible to estimate accurately the loss of life. Among those drowned at Williamsburg was the wife of H. C. Frost. At Leeds, Captain Vaughan and Mrs. H. F. Quigley and daughter were in a house which was swept away, and they were drowned. Reports are coming in of a far greater loss of life at Florence. The Monotuck Silk Company's works and the Florence Manufacturing Company's works are damaged to the extent of \$25,000 Conductor E. M. Chandler passed over the road early this morning with his train from Williamsburg for New Haven just ahead of the flood that swept away his wife and child. Engineer Roberts, who was to start out on the next train, lost his wife and child. Just below Williamsburg the flood swept away Skinner's factory, with several women ope

Co.'s factory, including their office, and the tel, were swept away.

At Leeds, Mr. Warner's button factory The cases will be tried separately.

The Goshen reservoir covered one hundred and fifty acres of ground at an average depth of thirty feet. It was drawn upon in dry times for the supply of the mills at Williamsburg, Haydenville, and Florence. The reservoir was constructed about twelve years ago in order to afford a reliable supply of water for the various factories on Mill river, which is one of the most fickle and uncertain of streams, liable alike to floods and almost utter drought. It was built by a company of capitalists who were interested in the various manufacturing enterprises on the stream, and has caused them apprehensions of disaster several times. Last year however, it was repaired at a heavy expense, and since then has been supposed, until now, to be tolerably secure, although known to be

Crosby, of Williamsburg, now in Boston, furnishes a full description of the localities and property visited by the overflow; the locafion of the three reservoirs; the manner and date of their erection, and also of the dams. He speaks in high terms of the substantial character of the works. He also gives the names of the various mills and factories on Mill river supplied by these reservoirs as fol-

William Thayer's tool factory, employing 25 men; two button factories, together employing 30 men and girls; the corset and wollen mill of Henry James, 50 hands; the large brass-works of Heyden, Gere & Co., 300 hands, and perhaps the largest and bestappointed factory of the kind in the United States, and formerly the property of the late Governor Hayden; the cotton mill of the Hayden Manufacturing Company, 5,000 spindles and 80 hands; the Diamond Tobacco-Works, 20 hands; the two exiensive silk mills of the Monotuck Silk Company, 300 hands; the large brick mills of the Northampton Brick Company, 75 hands; the cotton mill of the Greenville Manufacturing Company, 5,000 spindles, 80 hands; the Northampton (formerly Bay State) Cutlery Company's mills, 200 hands; Clement & Hawes's agricultural implement manufactury, 50 hands; the International Screw and 5,000 spindles. 81 hands; the International Screw and 5,000 spindles are respectfully invited to call at my store and examine a new style of BRAIDS—the best gotten up work ever offered in the city. Parbetted up work ever offered in the city. the Hayden Manufacturing Company, 5,000 tory, 50 hands; the International Screw and Nail Company's works, 75 hands; and the large basket factory of the Williams Manufacturing Company, 100 hands; also, Skinner's silk mill, 60 hands. . Besides the foregoing, there are some grist and saw mills of considerable capacity within the range of

the devastation. Mr. Crosby, at the lowest estimation considers the loss to these companies to be about \$5,000,000, and the immediate population affected thereby about 5,000. population is wholly manufacturing, all of which has grown up around the dams and increased in proportion to the demands of industry in that locality. The heaviest loss will fall upon the estate of the late ex-Governor Hayden, who died a few months since. Sunday had been set apart at Haydenville for memorial service in memory of the late ex-Governor Hayden, and all members of the family were expected to be present.

The Fisheries Arrest, &c.

[Special telegram to the Dispatch.] Nonrole, May 16 .- All the Albemarle Sound shad and herring fisheries suspended Friday. Fishing is still active on the Roan-

oke river. Another batch of fifteen Marylanders were arrested and bailed to-day for violating the State law against non-residents catching

crabs in Virginia waters. Heavy thunder-storm here to-night.

The Last and the Pillory in Delaware, New Castle, May 16 .- There was a large crowd attracted to the jail-yard this morning to witness the whipping and pilloring of prisoners. The following sentences were executed: William McConnell (white), twenty lashes, for burglary; Sandy Leonard (colored), larceny, twenty lashes; John Sykes (colored), burglary, twenty lashes; Thomas Davis (white), larceny, ten lashes Frank Baudin (colored), larceny, thirty lashes; Henry Campbell (colored), larceny twenty lashes; Roswell Ringgold (colored),

larceny, twenty lashes.
All the above felt their punishment keenly, but apart from the shrugging of shoulders and squirming gave no evidence of corporeal pain. Ringgold has twice before been publicly whipped, which is said to be the only case on record. Lewis Robinson, of Connecticut, convicted of an attempted outrage on a small girl on Tuesday, will not be whipped or pilloried before next Satur-

Entlyy on a Steamboat. CAIRO, ILL., May 16 .- An officer of the steamer James Howard reports that a muiny occurred on that vessel yesterday, and that the deck crew virtually had possession of the boat until an armed force from here boarded her. The negroes drove the officers up-stairs, and warned them not to come down or land the boat. As no arms were to be had, the officers made no resistance. The boat passed near enough to the wharfboat at Hickman's to throw off a telegram to the United States marshal at Cairo asking for a posse to meet the boat below the city.
